Material Handling Rates

Please see the following page (Material Handling Rate Schedule) page and insert amount that applies in appropriate box.

What is Material Handling?

Material Handling is the unloading and delivery of exhibit freight to the exhibitor's booth on the show floor, the storage of empty containers, the return to booth for packing, and the loading back onto the exhibitor's outbound carrier. This is an automatic service and is billed based on weight. This service, whether used completely or in are part, are billed as a package.

Important!
All Material Handling fees will be automatically billed to the credit card on file!

How to Calculate Material Handling Services: The following services whether used completely or in part are offered as a package. When estimating weight, round up to the next 100 lbs. For example: 285 lbs. = 300 lbs./100 lbs. = 3 X RATE = \$ Amount or minimum charge, whichever is greater.

Standard Material Handling Rates: All rates are per 100 pounds with a 200 pound minimum charge. Certified weight tickets are required on all shipments.

Blended Rates: The rates stated are blended to include overtime based on the schedule at publication. Changes in schedule may result in additional fees.

Early/Late Shipments to Warehouse: A surcharge will apply to shipments not arriving within the published dates (refer to Show Information page for dates) for advance warehouse or arriving on show site

Reweigh of Shipments: An additional charge per forklift load will be applied to shipments that have to be reweighed at the dock due to the lack of a certified weight ticket, or an incorrect or an understated weight on delivery document.

Disposal Fee: A disposal fee & minimum 1 hour labor will be charged for all booth materials (booth displays, flooring, etc.) left unclaimed after show move-out.
