WHAT IS EXPLORE BOWHUNTING?

Explore Bowhunting is an educational program designed to help instructors, program leaders and educators teach students ages 11-17 the basic skills of bowhunting. The Archery Trade Association has created this program to spark an interest and passion for bowhunting in today's youth. Through these hands-on experiences students gain confidence interacting with the natural environment and strengthen their appreciation for wildlife and the woods.

“We need to get students to realize that there is this whole other world, that maybe for some kids, no one has ever introduced them to.”

*Jessica Freeman,
Mentor*

WANT IT?

Explore Bowhunting was developed by the Archery Trade Association and is implemented through state wildlife agencies.

WHAT'S INCLUDED?

- A comprehensive teacher's curriculum guide with 23 activities
- Audio CD and DVD's
- Commercial-quality board game
- Student handbooks

WHO CAN USE EXPLORE BOWHUNTING?

- In-school and after-school programs
- Park and recreation associations
- Nature and outdoor education centers
- Community-based programs
- Summer camps
- Outdoor and conservation events
- **Anyone interested in teaching youth how to get close to wildlife to bowhunt, photograph and/or enjoy wildlife**

Explore Bowhunting activities teach how to recognize animal sign, build ground blinds, judge distances, make animal calls, and more. It's designed to teach students how to feel comfortable in the outdoors whether the goal is to bowhunt, photograph wildlife, or interact with nature for any purpose.

EXPLORE

BOWHUNTING

Explore Bowhunting was developed by the Archery Trade Association with support from many archery and bowhunting companies. All activities were created by a team of educators with backgrounds in grade school education, environmental and outdoor education, research, bowhunting, trapping and wildlife biology.
