GLASSING FOR GAME

USE BINOCULARS TO LOCATE ANIMALS FROM A DISTANCE

WHAT YOU NEED

☐ Pen or pencil
☐ Scavenger hunt checklist
☐ Binoculars
   OR
   Make your own
   ☐ 2 toilet-paper tubes per participant
   ☐ Masking tape or stapler
   ☐ Scrap paper
   ☐ Markers or stickers to decorate (optional)

GETTING READY

Fill out the checklist (on page 2) with items the participants are required to find with the binoculars and make copies. Items can be anything depending on the location of the event, it is not necessary for them to all be natural.

LET’S GET STARTED

1. Before sending the participants on their scavenger hunt, have them practice using the binoculars. Raise the binoculars to your eyes while continuing to look at the object in front of you.

2. Give each participant a checklist and pen or pencil.

3. Instruct participants to find all the items. Keep track of how much time it takes to complete the task.

Educators Note: If this activity is a part of a day-long event, allow participants to check-out binoculars to utilize throughout the day.

MAKE YOUR OWN BINOCULARS

Prior to the activity, or if time allows, make binoculars for participants to use.

Place two tubes next to each other to form the binoculars and staple or wrap masking tape horizontally around both tubes to secure them. If more space is needed between the eyes, fold a piece of paper and place it between the tubes before taping or stapling them together.

Use markers and stickers to decorate binoculars.
